# Working Together

When you're working with a partner or a group, here are a few things you can do:

Take turns.

Take turns reading.
Take turns sharing writing.

Help each other.

Work together when we get stuck.
Help each other go back.

Re-read and re-write together.

Ask each other questions.

What?

When?

Guess what might happen next.

What next?

Sad?

Scary?

Say nice things to each other.
